

MEET OUR PARTNERS

A key role within CYLCOMED's mission

Ospedale Pediatrico Bambino Gesù is a clinical partner in CYLCOMED, integrating advanced technology into the management of high-risk pediatric patients with heart failure and complex congenital heart disease.

A most skilled ally

The hospital's Advanced Cardiovascular Therapies Unit oversees the care of **over 500 patients annually**, including 150+ post-transplant and ventricular assist device patients.

At the heart of the matter

The **CYLCOMED-Heart protocol** supports project validation, providing a unique model for translational collaboration between clinical care and technical innovation.
